ICOLD ahead in the progress of dams and reservoirs engineering to address the world's challenges

Thanks to our 100th Anniversary, ICOLD shared its rich history, technical skills and core values. National and international dam and reservoir engineering communities have gathered in Beijing for the 10th ICOLD World Dam and Reservoirs Engineering Conference, which is the largest dam and reservoir engineering conference in the world.

ICOLD President elected for 2013-2015

The 10th ICOLD World Dam and Reservoirs Engineering Conference, held in Beijing, China, from 22 to 27 September 2013, elected Dr. Wang Kang as ICOLD President for the period 2013-2015. Dr. Wang is a senior dam and reservoir engineer and has been a member of ICOLD since 1982. He is currently the Vice President of the China Association of Water Resources Engineering and Research (CAWER) and the Vice President of the International Association of Dams (IAD). Dr. Wang has been a member of ICOLD since 1982 and has been a member of the ICOLD Council since 1998. He is currently the Vice President of the ICOLD Council and the Vice President of the ICOLD Executive Committee. Dr. Wang is also a member of the ICOLD Council and the ICOLD Executive Committee. He is currently the Vice President of the ICOLD Council and the Vice President of the ICOLD Executive Committee.

ICOLD Energy in a New Light

ICOLD is committed to the development and promotion of dam and reservoir engineering. The ICOLD Council and the ICOLD Executive Committee are working to promote the development and promotion of dam and reservoir engineering. The ICOLD Council and the ICOLD Executive Committee are working to promote the development and promotion of dam and reservoir engineering.
