ICOLD ON THE FRONT LINE FOR DEVELOPMENT

Achieving the 2015 millennium goals is the greatest challenge the world has ever faced. The Millennium Development Goals (MDGs) set by the United Nations in 2000 are a call to action for all nations to bring about a better world for all. The world's population is growing rapidly, and there are significant challenges in meeting the needs of all people. The world's population is growing rapidly, and there are significant challenges in meeting the needs of all people.

Luis Riquelme
 President, ICOLD

Michael De Vito
 Secretary General, ICOLD

ICOLD is a global organization that works to improve the lives of people in the developing world. It does this by providing technical assistance and training to dam owners and operators. ICOLD also works to improve the safety of dams and to reduce the risk of dam failure. ICOLD is a global organization that works to improve the lives of people in the developing world.
