

Invitation to the First International Conference on Dams and Hydropower in Iran

An invitation for Tehran

We are delighted to inform you that the first international conference on dams and hydropower will be held in Iran on February 08 - 09, 2012 in IRIB international conference center in Tehran. The primary objective of this conference is to allow dams and hydropower practitioners around the world to gather, present, and share their knowledge and experience in order to promote and enhance related research and activities. This international conference further provides an excellent opportunity for turning implicit experience earned by dams professionals into explicit expertise required to improve dams and hydropower projects particularly in the developing countries. We are pleased that this conference greatly benefit from the support and participation of the IR-COLD (Iranian branch of ICOLD), Ministry of Energy, Iran Water and Power Resources Development Company (IWPCO), universities, research centers, and many other non-governmental organizations (NGO).

There is no doubt that your valuable experience can help us achieve our goals. Therefore, on behalf of the Organizing Committee I would like to kindly invite you to participate to the conference and submit papers related to the following topics:

- ▶ Sustainable development
- ▶ Health Safety Security Environment (HSSE)
- ▶ Micro, small, mini, large, run-of-river, and pumped-storage hydro powers
- ▶ Civil, equipment, electrical, and mechanical works
- ▶ Legal, social, and economic issues
- ▶ Project management, risks and challenges
- ▶ Issues of design and construction of small and large dams,
- ▶ Integrated water resources management
- ▶ Dam safety evaluation and reinforcement techniques
- ▶ Innovation and planning in new era for hydro development
- ▶ Reservoir sedimentation and downstream river erosion
- ▶ Advancements in operation
- ▶ Decision support systems
- ▶ Monitoring, rehabilitation, upgrading, and maintenance, and
- ▶ Financing and delivery methods

Hopefully you can accept our invitation and contribute in establishing a series of successful and productive international conference on dams and hydropower. We would like to express our sincerest gratitude for your participation, contribution, and paper submission through

the conference website : www.icdhp.com.

Look forward to welcoming you in Tehran,

Sincerely yours,

Mohamad Reza Rezazadeh.

The Conference Chairman
