

The 7th International Symposium on ROLLER COMPACTED CONCRETE (RCC) Dams, September 24-25, 2015, Chengdu (China)

THE 7th INTERNATIONAL SYMPOSIUM ON
ROLLER COMPACTED CONCRETE (RCC) DAMS
Chengdu, China - Sept. 24th-25th, 2015

Chinese National Committee on Large Dams (CHINCOLD) and **Spanish National Committee on Large Dams (SPANCOLD)** have the honor to invite the professionals to the 7th International Symposium on Roller Compacted Concrete (RCC) Dams.

The 7th symposium will be held from 24 to 25 Sept. 2015 in Chengdu City, China.

RCC dams have the virtues of saving a great deal of concrete, building quickly, making project cost down and early bringing into playing project advantages and so on. Hence, the technique of constructing dams has been quickly spread and applied since it came out.

CHINCOLD and SPANCOLD have devoted to promote the technology from early 1990's. The first Symposium on RCC dams was jointly organized by the two committees in 1991 in Beijing China, which was a success start of the series of RCC Symposiums. It is great to find that there are more than 400 dams of this type in more than 40 countries today.
